

## Town Lagging In Fund Drive

Only \$8,000 Collected In Arlington According to Last Report — Town's Quota Is \$21,000 In Greater Boston Campaign — Local Agencies May Be Losers

Warning that local social service agencies may suffer if Arlington does not reach its Community Fund quota, Mrs. William A. Muller, town chairman, announced that less than half the goal of \$21,000 has been reached with only a few days to go.

In a statement on the progress of the campaign, Mrs. Muller said only \$8,000 has been contributed so far. "The drive ends Wednesday. She urged every solicitor to double his efforts so Arlington can go over the top and appealed to the citizens of the town to give generously in support of the fine work done by agencies participating in the Community Fund.

Citing the Arlington Visiting Nursing Association as an example, Mrs. Muller said this organization has given the town 37 years of faithful service. In 1940, she said, free nursing visits

were given to 2946 patients. Other Arlington social service agencies in the Community Fund are the Boy Scouts, Girl Scouts, Social Service League, St. James Branch of the Catholic Women's Guild, St. Vincent de Paul Society and the Arlington Boys' Club. All these organizations merit support for the excellent work they do throughout the year.

Mrs. Muller urges that all who have given to the fund wear their red feathers and display the community fund emblem on their windows to increase enthusiasm for the campaign.

At a recent meeting of workers at the local headquarters, Mrs. Muller made the following statement:

"I do not believe we have cause to worry at this time. (Continued on Page Seven)

Walsh, the Secretary of Agriculture has approved Arlington as an area in which the Food Stamp Plan may be used.

Agreements between the Federal government and local government were received Wednesday and will be signed by the selectmen at next Monday evening's meeting. It is expected. As soon as the machinery has been set up locally for the distribution of the stamps to welfare recipients and WPA employees, the plan will become effective. Participation in the plan by food retailers and welfare recipients will be purely voluntary.

The plan is in operation in over 280 areas in the United States, seventy of which are in the northeastern states.

## Airplane Makes Safe Landing On Reservoir

An airplane which made an emergency landing on ice covered Heights Reservoir Sunday afternoon created considerable excitement. The plane was equipped with skis. However, the pilot made minor repairs and before the cruiser arrived at the reservoir, the plane had taken off again.

## Storm Cost To Reach \$15,000

Twelve-Inch Snowfall Cost \$13,500 Up to Midnight Monday with Additional Snow Removal Necessary — New Equipment Given Real Test — Minor Accidents Reported

As Arlington's public works department continued to clear away snow from the town's business area this week, indications were that the 12-inch snowfall of last week end would cost the town approximately \$15,000.

Up to midnight Monday, \$13,500 had been spent by the town for snow removal work which started early Friday evening, soon after the worst storm since last year's St. Valentine's blizzard got under way. Highway department crews were called out early in the evening in an effort to keep all streets open. Although tractor and truck plows covered practically every street early during the evening, on Friday, many of the streets were soon filled in by the wind-swept snow. Massachusetts avenue, Gray street and other principal thoroughfares were kept open at all times, but it was impossible to do the same on all side streets.

In the absence of Superintendent Edward O'Brien, who is still recovering from an operation, William J. Toomey, assistant superintendent, was in charge of snow removal. James R. Smith, member of the board of public works, assisted in directing the work over the weekend. Mr. Smith remained on duty at Summer street, where tons of snow were being dumped, until late Saturday evening.

Five tractor plows, including two big V-plows, owned by the town and three snow-loaders, as well as several hired trucks equipped with blade plows were engaged in plowing and snow removal work, in addition to a small army of shovellers. The storm was the first real test given the three new tractor plows and the new snow loader purchased by the town during the past year.

Minor Accidents in Storm  
As usual the storm was accompanied by automobile and coasting accidents, although none of them was serious. Late Tuesday afternoon Jo-

seph Grobel, 8, of 46 Sunset road, suffered laceration on the lower lip when he coasted down Sunset road on a sled and crashed into the front wheel of a parked truck.

Poor visibility during Friday night's storm was the indirect cause of three automobile accidents in Arlington. Late in the afternoon a car operated by Sidney W. Campbell, of 36 Magnolia street, collided with a car operated by Joseph Juffre, of 35 Orvis road. Mrs. Gladys Juffre, a passenger, "was shaken up. She was treated by her physician. The accident happened at Lake street and Lakewood avenue. Both cars were damaged.

Shortly after 9 p.m. an auto operated by Nicholas A. Ponticelli, of Roxbury, collided with a (Continued on Page Seven)

## "That's a H--l of a Way to Run A Railroad!"

with APOLOGIES FOR OUR FRANKNESS

❖ Snowstorm blankets the suburbs. Impossible driving weather. Highways unsafe. B and M enjoys 50% more patronage, mostly on morning trains. It's cold, so passengers stay in station, take longer—much longer—to get on trains. This situation repeated station after station. Seconds of delay become minutes! Sure, everybody gets to town safe and dry—but many trains are late.

*"That's a h--l of a way to run a Railroad"*

❖ Ordinary snow storm turns to sleet and rain. Icy rails, poor traction. Fast night freights carrying the City's food supply—beef, potatoes, other perishables—are delayed. Choice between a few minutes' delay for early commuter train or several hours' delay for perishables. Food supply wins. A few commuters delayed a few minutes.

*"That's a h--l of a way to run a Railroad"*

❖ Bad storm in Mid-West coming East. Fast freight from Mid-West comes through hundreds of miles of low visibility. Trainload of vital accessory parts for Boston branch factory hours late; its arrival conflicts with commuter trains. If not received, assembly line can't start in local factory. Then no work and no pay that day for hundreds of families. Families and workers win. Freight train crosses track while suburban train waits two minutes at Prison Point Bridge.

*"That's a h--l of a way to run a Railroad"*

❖ Grippe and colds affect Railroad men same as any other people. Sickness leaves all departments undermanned. Switches freeze; get full of snow—make up in yards is delayed. But management says, "Be safe—do things right." Trains are delayed a few minutes backing into station. Passengers stand on one foot and then on the other—but the handicap of illness and hard weather causes no accidents.

*"That's a h--l of a way to run a Railroad"*

❖ BUT TODAY it's a nice, clear winter day. Normal trains are running out of town—there to wait until morning to bring you back to town again. Suddenly, a storm breaks. Will there be an extra rush? Will the roads be plowed in time to allow the motorists to drive to town? Nobody knows. The train that's out there has cars enough to take care of all regular riders. The rush comes—roads are blocked. So—once more at some stations—it's standing room only on the B and M.

## Praises Public Works

54 Wyman Terrace,  
Jan. 27, 1941.

Dear Sir:

The Arlington Public Works Department always seems to outdo itself in efficiency. I couldn't believe my eyes when I looked out of my window early on Saturday morning and saw the Terrace plowed. It was only natural to expect Mass. avenue and Broadway to be kept open, but it was unnatural to see a little side street like Wyman Terrace cleared off so early on the morning following the storm. Yesterday the sidewalks were plowed off and today the crossings are cleared of the snow left by the plows.

Sometimes I like to walk from

Arlington to Harvard Square. Yesterday when I took this walk, I was most thankful that I live in "Arlington." Down in Cambridge they were just beginning to think of clearing away the snow. My hat is off to our Public Works Department and we ought to send the superintendent down to Cambridge to teach them how to clean up after a snow storm.

Sincerely yours,  
W. J. SHEA.

## Still Awaits Plows

Jan. 28, 1941.

To the Editor:

Through your paper I would like to ask the Board of Public Works when they are going to plow the sidewalks of this town. I have lived in this town all

my life and have watched conditions go from bad to worse every time we have a snow storm.

Back thirty years ago when ever a big storm threatened, men with plows kept the sidewalks clear so that people coming out of their homes in the morning could be assured of getting to the cars and trains easily.

Now what have we; huge drifts of snow piled into the gutters over which people have to climb in order to get anywhere.

Again may I ask why Medford street from Mass. avenue to Chestnut street is the first street cleared while the side streets are left to the sun to clear?

There have been no sidewalk plows down Whittemore street since any of our storms this year. Why?

Here again is a condition that needs correcting and immediately. After people open their driveways, trucks with plows come and block the driveways with snow; so they have to shovel them out again.

If the taxpayers of this town—I am one—have to pay taxes yearly why can't we get something done about these conditions?

Instead of putting a gang of men shovelling snow in front of private homes on the avenue, why not on the side streets? Let us get these conditions remedied and pronto.

Respectfully,  
EVERETT P. CHAPMAN,  
14 Whittemore Street,  
Arlington.

## Forty Enjoy Bunny Festa; Cadario Host

The first annual Bunny Festa was held at Ye Lantern hall, Saturday evening, and forty friends had a delightful time, which will be long remembered.

MRS. ROSE TORTORICI

The affair was conducted by John Cadario who furnished the rabbits. Paul Fraser concocted a menu but all honor must be given to Al Oliver and Mrs. Rose Tortorici who cooked par excellence. All prepared and arranged the fruit cocktail, antipasto ala "Spanish Shoppe", roast turkey with all the fixings, and insalata ala "calabrese". The main course, rabbits, was done in three styles, and the Italian connoisseurs outdid themselves in trying to decide which was the best. Finally the "Connegio TORTORICI al FORNO" won the most favor and Mrs. Tortorici who prepared the rabbits and spaghetti added a new page to her already enviable reputation as best cook in town. The usual desserts, with light wines were followed by dancing to an Italian orchestra. Tom Collins poured.

## "Black Out" For War Talk At PTA Meeting

Tuesday night, the annual Fathers' Night meeting of the Cutter P. T. A. was held in the school auditorium with John Henry Campbell presiding.

A brief impromptu "black out", caused by a short circuit, made an appropriate setting for the speaker of the evening, Herbert Black who spoke on "Events Behind the News" giving a resume of the European situation and its effect upon us. Mr. Black is on the editorial staff of the Boston Evening Globe.

Entertainment was provided by the Cutter P. T. A. orchestra under the leadership of William Huston. The male quartet composed of the Messrs H. Slater, A. J. Repetti, A. Rich and R. Campbell was well applauded.

The film "The Community Fund" was shown and a plea made that support be given it.

—Engine 2 and Ladder 2 companies were called out early Sunday morning for a chimney fire in the house at 112 Westminster avenue. The property is owned by Edward T. Harrison. Damage was slight.

—Joseph Byrne, son of Mr. and Mrs. John B. Byrne of Chestnut street, has joined the Navy for a three year term and left Jan. 22nd for Newport, R. I. This is the second son to join the service.

## Sentenced On Serious Charge

One of the most amazing cases ever investigated by local police was revealed on Monday when Hariota Nishi, 36, an alien from Japan and Marion McCrae, 38, of Philadelphia were arraigned in East Cambridge court on serious charges.

Both had been charged with a statutory offense of having obscene pictures in his possession was placed against the Japanese. They were arraigned before Judge Arthur P. Stone. The girl was given a suspended sentence to the Sherborn reformatory and agreed to return to her relatives. Her companion was held in \$2,000 bail and his case was continued to yesterday.

The pair arrived in Arlington in October, according to Lieutenant Charles E. Carroll, and had lived together in an inexpensive trailer park off Broadway ever since.

**Arrested in Trailer**  
Accompanied by Lieutenant Carroll, Inspectors John Hourihan and Thomas R. White waited for a long time outside of the trailer home on a recent stormy night. As soon as the lights went out in the trailer, the local inspectors surrounded the trailer. Nishi appeared at the door. Questioned by Lieutenant Carroll, Nishi claimed he was alone, according to the police inspector. However, blankets thrown over the bunk were pulled aside and the McCrae girl was discovered. The couple was unmarried, according to Lieutenant Carroll.

A roll of obscene moving pictures was found in the trailer and the additional charge was then lodged against Nishi. The Arlington police investigation revealed a chain of remarkable circumstances which made it possible for the couple to live together for years without being suspected, according to Lieutenant Carroll. The couple became acquainted eleven years ago in Philadelphia after Nishi had gained entrance to the United States as a student. Using the names of reputable citizens for reference they had gained the confidence of author-

ities and others. The girl's private life was not even suspected by a reputable Belmont family for whom she worked as a maid for some twelve days before her arrest. The couple existed on a

meagre allowance, received regularly by Nishi.

Yesterday, Nishi was sentenced to one month in the House of Correction on the obscene pictures charge and a year's sus-

pended sentence on the statutory offense with the understanding that he will return to Japan as soon as he raises his passage money.

**DON'T LET THEM DOWN**

The announcement that Arlington has thus far contributed less than half of its \$21,000 quota in the Greater Boston Community Fund campaign is disappointing. The showing indicates a most serious lack of appreciation on the part of the townspeople as a whole of the importance of this drive.

Although those in charge of the campaign have tried to impress upon the people of Arlington that, for the first time, this will be the only Community Chest drive this year, evidently this is still not clear in everyone's mind.

In the past, Arlington had its own Community Chest drive to raise funds for seven worthy local agencies. Arlington citizens had to contribute to this campaign and, in addition, were called upon to contribute to the Boston Greater Boston Community fund campaign as well.

This year, however, Arlington is one of the forty-four Greater Boston communities affiliated with the Greater Boston campaign. Consequently, funds collected during the current drive will be allotted to the seven local agencies along with some 200 hospitals, health and social service agencies of Greater Boston. Arlington will have only one drive—that which is now going on—in conjunction with the Greater Boston Community Fund.

Therefore if you wish to support the work of your own local agencies such as the Arlington Visiting Nursing association, the Social Service League, the Boy Scouts, the Girl Scouts, St. Vincent de Paul's Society, St. James' Guild and the Arlington Boys' Club, the responsibility falls squarely upon your shoulders to contribute to the Greater Boston Community fund before the drive closes next week. Arlington must raise its quota. The goal for the Greater Boston campaign is \$4,883,000. Let's show real civic pride and not sit back and allow other communities to raise the funds needed to carry on the good work of Arlington agencies. The least we can do is to raise the money which these agencies need, especially when the quota set for this drive is lower than in previous campaigns conducted independently.

We should go further; we should oversubscribe our quota for in so doing we are helping agencies which annually assist approximately 400,000 people become happier, healthier, better citizens. Can you find a more sound investment in real American democracy?

—John Sawyer, sales manager of the Frost Insecticide, has returned from fruit growers' conventions held in Worcester, Mass., and Lewiston, Maine.

—Division 4, ladies' auxiliary of the A. O. H. will sponsor a whist and bridge next Wednesday evening in Wyman's English tavern.

**The NEWS OBSERVES**

Governor Leverett Saltonstall by official proclamation has designated this week as "American Legion Membership Week". The issue of the proclamation marks the first such official act by a Massachusetts Governor and brings the veterans of the World War in closer touch with the State plans to weld the various military organizations into a unit of National Defense.

President Litchfield of the Central Labor Union warned Arlington police on Friday that men had been reported going around soliciting advertisements for this union. These men are frauds, Mr. Litchfield reported.

The Christian Endeavor observes its 60th anniversary this week. There are over 800 societies in over 200 churches in Massachusetts with a membership of about 20,000 in this great movement which has a vital influence upon millions of people.

High School students and teachers from Arlington will attend the third session of the Northeastern University Vocational Institute on Saturday at Richards Hall to hear nine more free vocational lectures. Subjects will include Advertising, Dentistry, Nursing, and Civil Service—all popular fields for high school graduates.

Most every community honors its high school football team with a banquet or some other testimonial at the close of the season. However no special recognition was given last year's Arlington High squad. Now, we learn that the members of the squad are making plans for a banquet at their own expense—just to get the boys together. Arlington has so many clubs, societies and associations that it seems they could provide for a testimonial to the football eleven; other cities do it. Coach Fred Ostergren has just completed his tenth year as coach at Arlington High; yet, the occasion has passed by practically unnoticed.

The motorist whose car was stuck in a drift on Highland avenue early Saturday morning might return the shovel which he borrowed to get out of his predicament. The NEWS has received a "red hot" letter from the Good Samaritan who discovered the plight of the motorist and willingly supplied a shovel to help out the driver. The Highland avenue resident describes the trick as a "new low in meanness". We agree, if the motorist deliberately kept the shovel. However, once he got started he probably forgot all about it. So, how about returning the shovel to 40 Highland avenue; no questions asked.

Private Raymond W. Wade of Arlington writes to Clerk Dut- that army life at Camp Hulen in Texas is great. Wade is one of five from Arlington now in Texas where he says, "The camp is comfortable, food good and weather swell".

### Hallisey Pupils To Dance In Winchester

Miss Laura A. Hallisey and her senior group will entertain the Sons of the American Legion, Squadron No. 97, at Lyceum Hall, Winchester Square, this evening, at their annual installation of officers. Timothy J. Mahoney, installing officer and county deputy, will be proud of his talented daughter, Eva, pupil of Miss Hallisey, whose toe dancing is outstanding. She will appear in a Cake Walk Strut.

Adding pep and variety to the program, Joan Hayes will ex-

ecute a Rhythm Buck. For a Latin swing, Louise Costa will sing "South American Wave" adding a rhumba. Ginger Wheeler swings a number in tap and says "So You're the One." Maryrose Brisbois will do a jump rope tap and acrobatic dance. Rudolph Tucci, vocalist and dancer will close the show introducing his teacher, Miss Hallisey, at the piano.

### DEPENDABILITY

ONE quarter of all Holland is beneath the level of the sea ... protected from the rushing waters by 1500 miles of dykes. It is the dependability of the dyke that has made that land habitable.

It is the unswerving dependability of our organization that has won for us public confidence. Each ceremony is a tribute of memorial dignity.

### Junior East Student Wins National Contest

The first prize in the fifth annual "every week biggest news" contest was won by Jack Medzorian, an honor student at the Junior High East.

The contest, which was national, consisted of choosing and

summarizing the 10 news events of 1940 most likely to be given space in the history books of the future.

In view of the huge number of world-shaking events to pick from since January 1, 1940, the course the world has taken had to be reviewed most carefully to choose a winning list of 10.

### Shoppers Enjoy New Self-Service Fruit Department At Stop And Shop

(Left to right) Mrs. Frank Callahan, 83 Medford street; Mrs. John Kennedy, 31 Century street, West Medford; Mrs. Iver Kohlar, 50 W. Ebcowet road; and a neighbor, Claire Russell, shopping at the new Self-Service fruit and vegetable department at the Stop and Shop supermarket, in Arlington Centre.

car operated by Wallace E. Ryan, of Marblehead. The accident happened on Warren street at River. Both cars were slightly damaged.

An hour later, an auto operated by Harold P. Houghton of 3 Brattle street collided with a car operated by John A. Christenson, of 100 School street. The accident happened on Pleasant street near Gray. No one was injured, although both cars were slightly damaged.

#### Has Close Call

Of all the storm experiences reported by Arlingtonians that of Willis W. Flynn, a carpenter, of 12 Windsor street, was most extraordinary. Mr. Flynn was riding home in a car driven by a fellow-worker during the blinding snowstorm. While going through Billerica the operator took a side road and the next thing they knew the car started to sink. Getting out of the auto, the men found they had driven onto the Concord river and the ice was giving way under the weight of the auto. They got to the shore safely and a fire truck was summoned to haul the car back onto the road.

#### Arlington Skaters Give Rindge Scare

Arlington's Red and Gray hockey sextet gave Rindge Tech plenty of headaches before the Cantabs were able to clinch a 3 to 2 decision over the local skaters in an interscholastic league game at the Boston Garden Saturday afternoon. Rindge was unable to break the tie until the third minute of the last period.

Burns' solo shot put Arlington out front at the start but Cambridge tied the count. Arlington again went ahead when Captain Art Blanchard assisted Ed Bennett in scoring. Benoit, assisted by Verrier, scored Rindge's second and third points.

Only a few of the hundreds of customers who have enjoyed this exclusive shopping service during the week since its opening. Mrs. Frank Callahan, Mrs. John Kennedy and Mrs. I. Kohlar are shown selecting their purchases at the new self-service fruit and vegetable department at the Stop and Shop supermarket, 479 Massachusetts avenue in Arlington Centre. Little Claire Russell, who accompanied Mrs. Kohlar to the Stop and Shop seems to be enjoying it also.

A brand new service, planned to make shopping for garden produce as effortless and pleasant as the supermarket idea has already made grocery shopping, this department for the first time enables the housewife actually to see what she is buying so that she can compare prices and values.

"Why didn't somebody think of this before?" said one of the ladies. It's just what we shoppers have been waiting for. Now I can take my own time about picking out fruits and vegetables, without feeling rushed. Or, if I'm in a hurry, I don't have to wait until someone can serve me. I've noticed, though, that the clerks are very helpful and are willing to assist customers whenever they can.

"It's grand being able to see what I'm buying and to pick out just the right sizes of fruits and vegetables for my family. Of course, I know I can always rely on Stop and Shop quality, but I certainly enjoy choosing for myself.

"This self-service idea does make shopping so much easier."

—Mrs. Clarence Coolidge is on the road to recovery after two months illness.  
—Thomas J. McManus, son of Mr. and Mrs. John McManus of 81 Broadway left last week for a year's training at Camp Edwards. He volunteered and signed up with the Lawrence Light Guards of Medford and is in the 26th division, Company E, 101st Engineers.

Arlington is still in seventh place in the league standing.

#### Community Drive

(Continued from Page One)

big storm, together with the continued prevalence of gripple colds has naturally delayed returns from the resident districts. strongly urge all solicitors to complete their assignments as soon as possible and not put off until the last days. We want final returns by next Monday evening. If we work, rather than worry, I am confident the good people of Arlington will not let our agencies down in this crucial year. We have a trust to fulfill and we must work night and day until it is accomplished.

Brayton D. Fisher, chairman of employee solicitation, and his staff of business men have been busy in spite of the storm and he hopes to have a complete report of his division by the end of this week.

#### Only One Drive

Benjamin F. Hickey, chairman of the residential group, has been going throughout the town assisting directors and captains in trying to effect complete coverage of the town. Mr. Hickey believes there are some of the townspeople who do not realize the significance of Arlington joining with the Greater Boston Community Fund and urges his workers to impress on the residents the fact that there will be but one drive this year.

—Mr. and Mrs. T. T. Storren of Detroit, Michigan, announce the engagement of their daughter, Borghild E., to Raymond D. Strout, son of Mr. and Mrs. Raymond Strout, 53 Spring street. Mr. Strout is a graduate of Massachusetts Institute of Technology, class of '39. The wedding will take place in late Spring.

—Eugene F. Sullivan, formerly of 17 Everett street, who joined the U. S. Army Air Corps last November, has been assigned to 13th Bomb Squadron at Savannah Air Base, Savannah, Georgia. He was a member of the A. H. S. hockey team and graduated in 1940.
